Dear Ryan & Sean,

Thank you for the expansive painting project you provided to Easter Seals New Jersey's residential group home in South Orange.

Your time and hard work is appreciated by the people receiving services at this location. Behavioral Health Services is just one of Easter Seals' programs that provide residential, outreach and intensive case management services to people with mental health disabilities. We teach individuals the necessary daily living skills so they may achieve and maintain independence.

Easter Seals is fortunate to have individuals such as you who believe in our mission. Your willingness to support the services we provide enables Easter Seals to create solutions that change the lives of so many people every day in New Jersey.

Thank you for recognizing Easter Seals as a reliable and trusted organization that provides a support for people with disabilities and special needs.

Sincerely,

Charlie Parry
Vice President of Services
